

Dr. and Mrs. W. M. Ringdorf and sons, Frazer and Benjamin, and Mr. and Mrs. C. B. McDowell attended the wedding of their daughter, Miss Betty Jean Bullard, last Sunday. War conditions noticeably reduced the attendance compared with previous years, but the preaching was of high caliber and interest was fully up to standard.

The Cliffside field near Amarillo, Texas, is estimated to contain more than two billion cubic feet of recoverable helium.

GO TO CHURCH SUNDAY.

Mr. and Mrs. James Polson and daughter, Rachel, returned to their home in Cullman Friday after visiting relatives in Elba.

## MARKED MEN GET LAME

DRAFT CALLS LATE RULE

WASHINGTON—Draft headquarters have specifically directed local boards to call up married men last, taking single war workers before husbands and fathers.

The local boards were instructed by orders sent out to fill their quotas in this order:

1. Single men with no dependents.

2. Single men who do not contribute to the war effort but who have dependents.

3. Single men with dependents who contribute to the war effort.

4. Married men without children who are not engaged in the war effort.

5. Married men without children who are engaged in the war effort.

6. Married men living with wife and children or children only who are engaged in the war effort.

7. Married men living with wife and children or children only who are engaged in the war effort.

8. Married men living with wife and children or children only who are engaged in the war effort.

9. Married men living with wife and children or children only who are engaged in the war effort.

10. Married men living with wife and children or children only who are engaged in the war effort.

11. Married men living with wife and children or children only who are engaged in the war effort.

12. Married men living with wife and children or children only who are engaged in the war effort.

### ARE WE QUISLING?

By Ruth Taylor  
Are we quailing? Is the verb that is nearest to the noun? We are quailing when we try to get around rationing, when we seek favors for ourselves, when we grumble and complain at the hardships of the war. We are quailing when we neglect our precautions, when we coast of being able to get more than our share of restricted essentials, when we waste rubber and gas on pleasure driving, when we hoard foodstuffs, when we offer more than the legal price for rationed goods, when we waste essential down in history as synonymous with the thief-in-the-night or the stab-in-the-back, betrayed his countrymen to the invader. When we quail we are betraying our armed forces all over the globe. We are sacrificing them for a moment's comfort, or for a smart aleck satisfaction in putting something over on someone.

Fortunately there are few among us who go in for intentional quailing. But as a nation we have put too much reliance on our material resources without a full realization of the necessity for using those resources for one end and one end only.

What if we do go without? It is our privilege as free men to sacrifice for the things in which we believe. If by so doing we succeed in defending our homes and our democratic way of life, we will again have those material comforts which we are giving up temporarily. If we do not win this war, then nothing we are now losing would be of any value to us. We will be slaves under the heel of a brutal and despotic ruler.

Rationing is not an arbitrary mandate imposed on a few. It means share and ration. Success will depend not upon law enforcement officers but upon the individual response of individual Americans.

We are not quailing—and we will not! By our actions we will show that once again we care. We take it. Once again American public opinion is marshalled ready for sacrifice. As Leon Henderson said: "Government can do its best in a crisis of this kind, and still find that it is behind the procession of genuine public opinion. And that's what's going to lick the Axis!"

Some months ago I found this life in a Mid-Western paper. "Where would the country be today if Daniel Boone, Lewis and Clark, Simon Kenton and others like them had stayed at home because they had no rubber tires?" Are we quailing? We are not!

MT. GILEAD CLUB MET  
WITH MRS. DONALDSON

Mt. Gilead women met Monday, July 6, at the home of Mrs. Edna Donaldson for their regular meeting.

Roll call by Mrs. Edna Donaldson, with 15 present. Devotional was given by Miss Dixie Donaldson, after which the meeting was turned over to Miss Scoville.

She gave a very helpful and interesting demonstration on "Storage Spaces."

Delicious refreshments were served by the hostess.

August is picnic month so the club will meet with Mrs. Sallie Davis in September. Hope every member will try to be present.

Miss Pasten Hataway, Rep.

### A NEW DAY

The Bible is full of challenges to newness. It promises a new world, a new mind, and a new heart.

Was there ever a day in which new hearts, new minds, and a new world were created? At present, when all the nations of earth are reaping in blood the results of the selfish seeds they have sown, and none of the contending nations are guiltless?

Before the present war did the peoples of the earth, in their gluttony and delinquency, lie down to sleep after their animal nature had been satisfied—forgetting the best that was within them—only to be awakened again by the blast of guns on far-flung battlefields? Did they grow careless and sinful in their selfish materialism, caring only for a life of ease? Did they passively permit the causes of this war to breed and fester through the years? Did they forget God?

If they did, perchance even now the war will cease them out of their lethargy—war that cuts, prods, and hurts humanity into a realization that it needs God. War makes people sense that in no day can they make their way successfully without God, and that the day in which individuals and nations forget God is a day of calamity. In that day people learn that the acquisition of wealth and power does not satisfy but leaves them gaunt and contentious.

Men have developed science, have mastered many things in history, but they have not mastered the very life of the age in which men's souls have not developed proportionately. So long as men have been the slaves of the supernatural, they have done well; but when they currently have been the slaves of the material, they have failed.

It is a tragic fact that moral bankruptcy has long existed because of the necessity of the affairs of this world. This condition has been largely responsible for the nation's present predicament. Just as soon as men or nations forget God, nature begins digging their graves.

Then men are made to feel the vast pressure of the spirit of God, for the whole force of the universe is against him, then nothing we are now losing would be of any value to us. We will be slaves under the heel of a brutal and despotic ruler.

These are days of great judgment—days that challenge men's souls. In these days of "scorched earth" men should not forget that whatever else they lose, the supreme loss is the loss of God.

Men must not give way to complacency and successiveness. Neither must their efforts of unity be discovered. Christians, particularly, must play an active role in postwar reconstruction. Untidily they must lead the bleeding world to repentance and to the commitment of a new order, of peace harmony for the common good, a new day of peace and justice.

Christians should be conscious of this spiritual crisis, which is the greatest Christian challenge in all history. They should endeavor to tear down the walls between races and creeds and try to inculcate brotherly love in the minds of men, a spiritual fraternity. The spiritual potential must bring mankind victory in that larger and more important war against sin and bring about a just and durable peace by putting into execution the eleventh commandment: "Love . . . thy neighbor as thyself."

It is impossible to build a new world on foundations of defeatism. The star of hope must be made to shine brightly in these dark days, when multitudes are caught in a sense of futility, and it can shine brightly, and a new day of peace and justice can be ushered in by the light of the sun of the past and releasing the world from their grip.

"Though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool." (Isaiah 1:18) This change was being "born anew." It is the essence and promise of the gospel.

And when this war is over, let us carry on valiantly in our endeavor to bring about a new world under conditions that will be restored with the spirit of Christ—a new day—Lenora Lewis, in Adult Student.

CARD OF THANKS

To our many friends and Dr. Fussell, we wish to express our sincere appreciation for the many kindnesses and medical care extended us during the sickness and death of our beloved husband, father and brother.

Mrs. W. H. Stephens and Children.

Mr. W. J. Stephens.

A little lemon juice will remove blackberry stain from the hands.

## Goodson Cross Roads News

Dear Editor and Readers:

Would like to say hello, and hope this finds everyone O. K. We have been having lots of rain for the past three weeks and plenty of hot weather, too.

The farmers have had considerable trouble getting their crops cleaned out and laid by, but after all, everything is looking pretty good.

Well, it seems that the good old U. S. A. is putting up a good scrap against those Germans and Japs and one of these days before long the Allies are going to give Mr. Hitler a double dose.

Mr. and Mrs. Jim Goodson, of Enterprise, and Mr. and Mrs. Loucin Perkins and family, of New Brockton, visited relatives and friends here Sunday.

Mrs. Charlie Osborn and children, who will reside through the summer, were visitors of her parents, Mr. and Mrs. W. H. Goodson Sunday night and Sunday.

Mr. and Mrs. Roy Goodson, of Victoria, and Misses Wilma and Louise were spend-the-day visitors in the home of Mr. and Mrs. Ed Goodson Sunday.

Mr. and Mrs. W. H. Goodson Sunday night and Sunday. Mr. and Mrs. L. P. Parrish left several weeks ago for Columbus, Ga., and are at work there in the cotton mills.

Mr. and Mrs. Cleo Goodson and daughters, Peggy and Carolyn, and Miss Betty Southland of Hayneville, visited relatives and friends here last week.

Well, since farm hands and labor have become a problem, we hear a good bit about the law enforcement department, checking up on the non-working class of folks and putting them to work.

Faith is still the victor here. Believers are beginning to talk about the necessity of a spiritual anchor for the souls of men. It is found only in Christ, but in Him is found both peace and power for victorious living.

But we see a second gift of God—H. Protection (vv. 5-7). Human life is not as cheap as men would have us think. Their estimate based on greed and lust for power makes man but a unit in a machine designed to build up political power. The blood of those who are not profited to such an enterprise, is shed in utter callousness.

Those who do such things, need to read the words of God, "Whoso sheddeth man's blood, by man shall his blood be shed" (v. 6). What a tremendous bill some men will have to pay when they stand before the seat of judgment of our God. Even the animals who kill men are to be slain (v. 9). How much greater shall be the condemnation of the man who violates God's law!

But we see a third gift of God, designed to remove a deep fear from his heart, and to give him peace. This was a promise of God's grace that there should be no more judgment by flood, and as a sign He chose the rainbow, which appearing in the very time when rain should fall, would reassure men, and give them a new hope.

What a beautiful symbol! "I will remember," said God, and He has not forgotten. Though thousands of years have passed, there has never since been such a cataclysm of judgment. How unspakably precious it is to recall that God has not forgotten a single one of us. That He remembers every promise He has ever made; that He keeps every covenant. And on the contrary, how disturbing it must be to the unbeliever to realize that God has not forgotten his sin and unbelief, nor the judgment which is sure to come.

The story of Noah should stimulate our faith, causing us to trust God, to obey His every command, and to look to Him for His power in our lives. His protection over us, His promise of grace to all who believe.

SUNDAY SCHOOL

LESSON

Lesson for July 26

Lesson subjects and Scripture texts are listed and copyrighted by International Council on Religious Education, New York, N. Y.

NOAH: GOD'S COVENANT WITH MANKIND

LESSON TEXT—Genesis 9:1-18.

OLDEN TEXT—We will remember my covenant—Genesis 9:15.

God does not forget. He keeps His promises now just as He did in the days of Noah. Since our lesson of last Sunday, a long period of time has elapsed. Generation after generation had come and gone, and all the while man grew more and more wicked. Finally God saw that He must put an end to the corruption of the human race, saving just one righteous man, and his family.

He warned Noah of the judgment of the flood, and he is sure that Noah warned others, but finally the day came when God shut him in the ark. Monday, July 26, is the day when judgment upon the then inhabited earth. But the same God who shut Noah in the ark, is still the same God who is with us today.

Mr. Walter Parker is spending several days in Columbus, Ga., where he is visiting his sister, Mrs. Ernie Smith.

The writer visited in Opp and Elba several days ago, for the purpose of seeing Mr. and Mrs. Charles Clayton and Mr. Charles A. Goodson, Mr. and Mrs. C. C. Goodson, and Miss Mattie Lou Goodson attending meeting at Woodland Grove several nights last week.

Mr. and Mrs. L. P. Parrish left several weeks ago for Columbus, Ga., and are at work there in the cotton mills.

Mr. and Mrs. Cleo Goodson and daughters, Peggy and Carolyn, and Miss Betty Southland of Hayneville, visited relatives and friends here last week.

Well, since farm hands and labor have become a problem, we hear a good bit about the law enforcement department, checking up on the non-working class of folks and putting them to work.

Faith is still the victor here. Believers are beginning to talk about the necessity of a spiritual anchor for the souls of men. It is found only in Christ, but in Him is found both peace and power for victorious living.

But we see a second gift of God—H. Protection (vv. 5-7). Human life is not as cheap as men would have us think. Their estimate based on greed and lust for power makes man but a unit in a machine designed to build up political power. The blood of those who are not profited to such an enterprise, is shed in utter callousness.

Those who do such things, need to read the words of God, "Whoso sheddeth man's blood, by man shall his blood be shed" (v. 6). What a tremendous bill some men will have to pay when they stand before the seat of judgment of our God. Even the animals who kill men are to be slain (v. 9). How much greater shall be the condemnation of the man who violates God's law!

But we see a third gift of God, designed to remove a deep fear from his heart, and to give him peace. This was a promise of God's grace that there should be no more judgment by flood, and as a sign He chose the rainbow, which appearing in the very time when rain should fall, would reassure men, and give them a new hope.

What a beautiful symbol! "I will remember," said God, and He has not forgotten. Though thousands of years have passed, there has never since been such a cataclysm of judgment. How unspakably precious it is to recall that God has not forgotten a single one of us. That He remembers every promise He has ever made; that He keeps every covenant. And on the contrary, how disturbing it must be to the unbeliever to realize that God has not forgotten his sin and unbelief, nor the judgment which is sure to come.

The story of Noah should stimulate our faith, causing us to trust God, to obey His every command, and to look to Him for His power in our lives. His protection over us, His promise of grace to all who believe.

NOAH: GOD'S COVENANT WITH MANKIND

LESSON TEXT—Genesis 9:1-18.

OLDEN TEXT—We will remember my covenant—Genesis 9:15.

God does not forget. He keeps His promises now just as He did in the days of Noah. Since our lesson of last Sunday, a long period of time has elapsed. Generation after generation had come and gone, and all the while man grew more and more wicked. Finally God saw that He must put an end to the corruption of the human race, saving just one righteous man, and his family.

He warned Noah of the judgment of the flood, and he is sure that Noah warned others, but finally the day came when God shut him in the ark. Monday, July 26, is the day when judgment upon the then inhabited earth. But the same God who shut Noah in the ark, is still the same God who is with us today.

Mr. Walter Parker is spending several days in Columbus, Ga., where he is visiting his sister, Mrs. Ernie Smith.

# LITTLE MYRA HAWKINS CELEBRATED 1st BIRTHDAY—

Little Myra Hawkins, daughter of Mr. and Mrs. James Hawkins, celebrated her first birthday on Friday, July 17, from six to seven o'clock at her home.

Games and story-telling were directed by Mrs. Ed Hornby. Later in the evening ice cream, cake, candy, chewing gum, kool-aid and balloons were served to the following little girls and boys: Tony, Lela Owen and Lela Diamant, Doris Tillman, Annie Jim Dor-man, Ella Wilkerson, Laine Vaughan, John Hudson, Annette Reddick, Bettie and Shelle Ann Wise, Fred Tillman, Jimmy Pe-ly, Ruggie Worley, Owen and Er-sine Ziglar.

# BRINGS TWIN TOMATO Mr. J. D. Farris, farmer of the Bradshaw community, was in El-ba, Tuesday and brought as a twin tomato which was found in his garden last Sunday. The tomato is extra large and both are well developed to have grown from one stem.

Mr. and Mrs. J. H. Yates an-nounce the birth of a baby daugh-ter on July 12 at the Enterprise hospital, whom they have named Nancy Allen.

Mr. and Mrs. J. Lee who has been the guest of Mr. and Mrs. C. S. Wise, Fred Tillman, Jimmy Pe-ly, Ruggie Worley, Owen and Er-sine Ziglar.

Staff Sergeant and Mrs. Dewey Weeks, of Egin Field, Valparaiso, Fla., are the proud parents of a nine-pound boy, born July 19th, whom they have named Dewey Michael. Mrs. Weeks and son are at the home of her parents, Mr. and Mrs. J. H. Brown.

Mr. and Mrs. J. P. Phillip and Kay Jones, of Mobile, are visiting their grand-children, Mr. and Mrs. John Jones, of West Elba.

## Sewerage Assessments

### Against Property In Elba, Alabama

Previous notices have been given to property owners by the Elba Exchange Bank and the City of Elba informing them that the sewerage assessment against their property was due April 1st, 1942, that this bank held bonds from the City covering all property and that payments thereon could be made over a period of ten years.

This bank does not wish to add additional ex-pense to your assessment, but the bonds in hand give us the right to foreclose on your property if the individuals under the bonds held by us do not pay together with interest as specified in the bond.

Please take notice that those who have not paid their assessment are requested to do so at once, or give cause why we should not take legal steps for the enforcement of this debt. The inter-est and one-tenth of the principal of your debt must be paid at once.

Please report to City Clerk at once, otherwise foreclosure proceedings will have to be started against those not paying or giving satisfaction thereto.

This matter is important and this notice is being given by the bank asking that you pay your assessment now.

# THOLOCOO BEACHES WILL BE IMPROVED FOR TROOPS

By Neil Fannin Hutchison  
Strange news will soon be heard in the twilight along the shores of Lake Tholoco. The young red sun, seemingly setting in the placid waters of the lake, will no longer silhouette the small canoes of fishermen and motor-boats of racers. The twinkling legs of children will have given place to the sturdy limbs of young warriors as bathers emerge from the waters along the sandy beach.

Tholoco was closed to civilians June 17th and will for an indeter-minate period be assigned to swim-ming lessons and recreation for the soldiers of Camp Kucker.

The people of the surrounding territory gladly conceded the use of their most popular playground to the "soldier boys" for whom the best is not too good.

The change is another phase in the history of this old-new place, whose shores echoed to the call of the bugle for Confederate sol-diers in the days of 1860. Then, that its busy waters had been a factor in the building of a new town, the Tholoco was a small hamlet with its family and one hundred slaves from the big plantation, the 3800-acre, the trees and built his home and slave cabins from the wild-saw lumber, cleared a large plantation and con-ducted the waters of Claybank Creek through several smaller streams to turn the wheels of a mill.

At the mill wheat and corn were ground, rice was cleaned, lumber sawed and furniture made. Below the mill was a fishpond, regular supply of plantation food, and nearby was built the church at which whites and blacks both worshipped.

The old Judge and two of his sons joined the Confederate forces. Young Robert became a col-onel. The property remained in the family possession through a long period of succeeding years. Finally the Crittendens moved away. The lake at the mill be-came neglected, the dam broke, the waters drained away.

Back in 1936, when the Federal Government took over this vast area for conservation and recrea-tional purposes, the old mill site was chosen for the construction of an artificial lake. Large crews of workmen felled trees, cleared brush and built a dam. A tall, concrete structure, 100 feet high, the other end of the 1,000 acres, where waters were cupped from the original streams.

When the lake was dedicated, June 6, 1940, 1,300 automobiles were parked along the shore-lakeshore. All South Alabama was there in gala mood. A pro-gram was presented and the In-dian name for Samuel Dale, noted Indian fighter (submitted by Mrs. C. Hutchison of Enterprise) was chosen by the judges.

Thus a noted warrior gave his name to the woodland retreat and it is fitting that soldiers should habit its shores.

The lake's only tragedy cen-tered about a young airman, son of a British cadet who was drowned when his plane fell into the lake last January. Perhaps his spee-ding way from this peaceful spot back to "The White Cliffs of Dover" for Tholoco im-mediately gave his body back to his comrades.

The new plans as announced by Col. F. W. Manley, Post Com-mander, and Major Daniel Bens-cotter, Plans and Training Officer, are for two new beaches to be built along the west shore. One will be for the exclusive use of troops of the 81st Division and another for the exclusive use of the colored troops at the Jun-ble Station Complement troops are completed all troops will use the present beach on the east side of the lake for purposes of instruction in swimming and for recreation. An allocation of days for occupancy of the present beach has been made, based upon the present number of white and colored troops.

Plans specify that there will be no solitary swimming and bathing in Lake Tholoco except when lifeguards are on duty, or when an officer is present to properly supervise and safeguard their ac-tivities.

Mr. and Mrs. Tommie Foster and son, Joe, of Leeds, Ala., are visiting her parents, Mr. and Mrs. J. H. Brown.

Miss Marjorie Brunson and Lis-tie Brunson, who are attending summer school at the University, spent the week-end in Elba with their parents, Mr. and Mrs. W. M. Brunson.

Miss Louise Money, of Elba, R. 1, spent the past week with Misses Jean and Ellen Money at the home of Mr. and Mrs. G. M. Bradley, of Elba, R. 3. Misses Jean and Ellen returned home with Miss Louise for a visit.

AGRICULTURAL FILMS ARE AVAILABLE TO FARMERS

Haygood Patterson, Commis-sioner of Agriculture, has announced that the Department has filmed during the past three and one-half years 15 motion pictures. These pictures in natural color were made for educational pur-poses and show the activities of the department of agriculture.

The pictures are shown free of charge as a public service of the State Department of Agri-culture and are available to any group. Request for a showing should be made at least a week in advance.

Mrs. J. A. Carnley, Jr., and son, Jeff, are visiting relatives in Cul-ma and T ucacola.

Mrs. Eris Paul has returned from a visit to her parents at Nottola.

Mrs. D. B. Addison and chil-dren, Wayne, are home, having spent the week with relatives in Enterprise.

Mr. Dan Murphree, of Birming-ham, spent last Thursday in Elba with his sister, Mrs. Wesley Har-ris.

Miss Jeanne Brunson spent the week-end in Tuscaloosa, guest of friends.

Miss Betty Spann, of Dothan, is visiting Miss Rosie Pat Rother.

To assure delivery of essential equipment to farmers, the War Production Board has ordered that products manufactured under its farm machinery and equip-ment program must actually reach the farm, and must not be delivered to industrial or other non-agricultural uses.

Leaving eggs in the nest all day or holding them in too warm a place causes spoilage. They spoil quickly in warm weather and should be marketed at least two or three times a week.

WARHOUSE SUGGESTED FOR PEANUT STORAGE

AUBURN, Ala.—A partial so-lution to the problem of inade-quate storage space for peanuts in Alabama may be found in the use of cotton warehouses, says P. O. Davis, director, Alabama Extension Service.

In some localities, he points out, there is actually a surplus of cotton storage space, and where the surplus is in connection with the storage of peanuts a canvas of cotton warehouse fa-cilities is suggested.

In this connection the Agricul-tural Marketing Administration suggests that cotton warehouse-men storing peanuts should fami-larize themselves with the be-havior of the peanuts in storage, as they differ from cotton. Plenty of ventilation is necessary. They must be thoroughly inspected to deter-mine whether they are in store-able condition, and then must be periodically examined for condi-tion while in storage.

FINAL CLOSE—OUT ON SHOES—All are high quality and guaranteed but must be sold to make room for new stock. Men's \$10.95 shoes for just \$3.95; women's \$3.95 shoes for \$2.45; other sizes in proportion. See me at once. I. N. Heath, Elba, Alabama.

AUGUST 1 IS LAST DAY TO APPLY FOR CLASSING

AUBURN, Ala.—The deadline for Alabama farmers to make ap-plications for cotton classing service this year is August 1, an-nounced J. T. Bell, cotton extension specialist in cotton improvement.

All farmers living in cotton im-provement communities are eligi-ble for this service. Farmers not already organized may still or-ganize and qualify for the ser-vice. County agents and voca-tional teachers have the facts and will help.

Reports show that last year 31,744 farmers in 323 one-variety communities have been eligi-ble of the adopted variety of cotton and had 157,744 bales of cotton classed. The total production of cotton for Alabama in 1941 was 774,391 bales. Almost 25 per-cent of the total production in the state was classed.

Purchasers of new and rebuilt tractors, farm implements, and other vehicles that are sold with tires will be able to get cas-ings and tubes for them by sat-isfying OPA conditions.

WARHOUSE SUGGESTED FOR PEANUT STORAGE

AUBURN, Ala.—A partial so-lution to the problem of inade-quate storage space for peanuts in Alabama may be found in the use of cotton warehouses, says P. O. Davis, director, Alabama Extension Service.

In some localities, he points out, there is actually a surplus of cotton storage space, and where the surplus is in connection with the storage of peanuts a canvas of cotton warehouse fa-cilities is suggested.

In this connection the Agricul-tural Marketing Administration suggests that cotton warehouse-men storing peanuts should fami-larize themselves with the be-havior of the peanuts in storage, as they differ from cotton. Plenty of ventilation is necessary. They must be thoroughly inspected to deter-mine whether they are in store-able condition, and then must be periodically examined for condi-tion while in storage.

FINAL CLOSE—OUT ON SHOES—All are high quality and guaranteed but must be sold to make room for new stock. Men's \$10.95 shoes for just \$3.95; women's \$3.95 shoes for \$2.45; other sizes in proportion. See me at once. I. N. Heath, Elba, Alabama.

AUGUST 1 IS LAST DAY TO APPLY FOR CLASSING

AUBURN, Ala.—The deadline for Alabama farmers to make ap-plications for cotton classing service this year is August 1, an-nounced J. T. Bell, cotton extension specialist in cotton improvement.

All farmers living in cotton im-provement communities are eligi-ble for this service. Farmers not already organized may still or-ganize and qualify for the ser-vice. County agents and voca-tional teachers have the facts and will help.

Reports show that last year 31,744 farmers in 323 one-variety communities have been eligi-ble of the adopted variety of cotton and had 157,744 bales of cotton classed. The total production of cotton for Alabama in 1941 was 774,391 bales. Almost 25 per-cent of the total production in the state was classed.

Purchasers of new and rebuilt tractors, farm implements, and other vehicles that are sold with tires will be able to get cas-ings and tubes for them by sat-isfying OPA conditions.

DEAR SUBSCRIBER:

This message, while printed in small type, is nevertheless of great importance. Many of you who read this are delinquent in your subscription accounts—look at the label on which your name is printed and you can see just exactly when your time expired or when it will expire. If the figures following your name read 6-10-42 that means that your subscription was out on June 10, 1942; if it reads 7-10-42, that means it will be out on July 10.

You can look and find out how you stand. WE NEED THE MONEY NOW DUE ON SUB-S criptions THAT HAVE EX-P iRED, and need it badly to pay our current obligations. Besides it is a violation of postal regula-tions to continue subscriptions be-yond the period paid for in ad-vance.

We have some names on our mailing list that must be dropped unless payment is received right away. If you want the paper, won't you please come in and pay your subscription? Your renewal will help us greatly. Please do this NOW—this week.
